

Stabifix Brauerei-Technik KG

Certificate of Chemical Analysis

Product:	STABICLEAR (PVPP)
Customer:	
Order no.:	
Batch no.:	
Date:	

Polyvinylpolypyrrolidon (PVPP)	Food Grade	<u>Specification:</u>
Chemical Formula	(C ₆ H ₉ NO) _n	
Appearance @ 25 °C:		White to off white free flowing powder
Identification test		Passes
Odour (500 mg/l of water)		Characteristic
pH (1 g/100 ml D.I. water)		5.0 – 8.0
% Moisture (Karl Fischer)		5 max.
ppm Heavy Metals		10 max.
% Nitrogen (anhydrous basis)		11.0 – 12.8
ppm Vinyl Pyrrolidone (HPLC)		10 max.
% Ash (Residue on Ignition or Sulphated)		0.1 max.
% Water Solubles		1,0 max.
ppm Soluble PVP		50 max.

The material has to be stored und dry and odour-free conditions.

Brochures are only additional information, not basis of a contract!
